

## Call for Presentations is Open

The County Engineers Association of Ohio is currently accepting presentations for consideration for the

### **2021 Superintendents and Mechanics Conference**

Do you have a recently completed project or innovative technology or process applicable to road construction and maintenance? If so, you are invited to submit a presentation for consideration for the 2021 Superintendents and Mechanics Conference. The conference will be held October 20-21, 2021 at Deer Creek State Park Lodge near Mt. Sterling, Ohio.

Attendance for this conference is comprised of superintendents, supervisors and hands-on operations staff in road construction and maintenance from counties and organizations throughout Ohio.

By submitting a presentation for consideration, you will help shape the CEAO educational conferences and the future of our industry. If selected as a conference speaker, you will gain visibility in the industry and contribute to the advancement of our members and their staff. Speakers are also strongly encouraged to exhibit/sponsor (if appropriate) at our conferences to gain additional exposure.
